Model TC Tire Cart

***Keep Rolling...
Even with a
full load of tires!***

Branick's unique design lets you stack tires close together to get maximum use of your storage space...and the TC now handles 20" thru 37" outside diameter tires.

Shipping wt. 92 lbs.

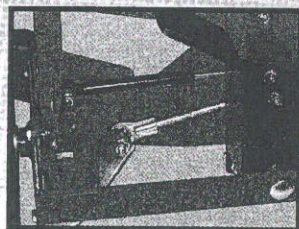

Figure 1

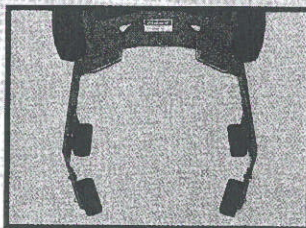

Figure 2

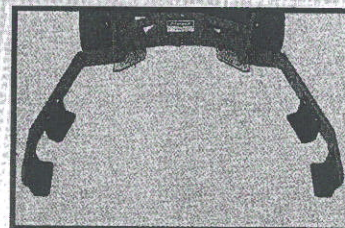

Figure 3

Branick Tire Carts feature a gas spring (figure 1) that automatically closes the arms that grip the tires, and then applies direct pressure to the tires to keep them there. All you have to do is push down on the pedal, slide the cart into the stack of tires, and release the pedal. Arms close to 20", (figure 2) and open to 37" (figure 3).
